

(b) *Final application.* The applicant shall submit to HUD a final application containing its community development objectives and activities. This final application shall be submitted, in a form prescribed by HUD, to the appropriate HUD office. The application also must contain a priority nonhousing community development plan, in accordance with 24 CFR 91.235.

(c) *Certifications.* (1) Certifications shall be submitted in a form prescribed by HUD. If the application contains any housing activities, the applicant shall certify that the proposed housing activities are consistent with its abbreviated consolidated plan, as described at 24 CFR part 91.

(2) In the absence of evidence (which may, but need not, be derived from performance reviews or other sources) which tends to challenge in a substantial manner the certifications made by the applicant, the certifications will be accepted by HUD. However, if HUD does have available such evidence, HUD may require the submission of additional information or assurances before determining whether an applicant's certifications are satisfactory.

(d) *Thresholds.* The HUD Office may use any information available to it to make the threshold judgments required by the applicable NOFA, including information related to the applicant's performance with respect to any previous assistance under this subpart. The annual performance and evaluation report required under § 570.507(a) is the primary source of this information. The HUD Office may request additional information in cases where it is essential to make the required performance judgments.

(Approved by the Office of Management and Budget under control number 2506-0060).

§ 570.424 Grants for imminent threats to public health and safety.

(a) *Criteria.* The following criteria apply for an imminent threat to public health or safety:

(1) The Director of Community Planning and Development of the HUD office may, at any time, invite an application for funds available under this subpart in response to a request for assistance to alleviate an imminent threat to public health or safety that

requires immediate resolution. HUD shall verify the urgency and the immediacy of the threat with an appropriate authority other than the applicant prior to acceptance of the application, and the Director of Community Planning and Development of the HUD Office shall review the claim to determine if, in fact, an imminent threat to public health or safety does exist. For example, an applicant with documented cases of disease resulting from a contaminated drinking water supply has an imminent threat to public health, while an applicant ordered to improve the quality of its drinking water supply over the next 2 years does not have an imminent threat within the definition of this paragraph (a). A natural disaster is *prima facie* evidence of an imminent threat to public health or safety. These funds are to be used to deal with those threats that represent a unique and unusual circumstance, not for the type of threat that occurs with frequency in a number of communities within the State of New York.

(2) The applicant does not have sufficient local resources, and other Federal or State resources are unavailable to alleviate the imminent threat.

(3) All imminent threat projects must meet the requirement of § 570.420(e).

(b) *HUD action.* (1) Fifteen percent of the funds allocated to New York State in the Small Cities Program may be reserved to alleviate imminent threats to the public health or safety unless a lesser amount is specified in a NOFA. Applications shall be submitted in accordance with § 570.423.

(2) Applications which meet the requirements of this section may be approved by the Director of Community Planning and Development of the HUD Office without competition.

(3) The only funds reserved for imminent threats to the public health or safety are those specified by this section as modified by the NOFA. After the funds have been depleted, HUD shall not consider further requests for grants relating to imminent threats during that fiscal year.

(c) *Letter to proceed.* Notwithstanding § 570.425(a)(3), after a determination has been made that an imminent threat exists, HUD may issue the applicant a
